I am currently an Assistant Lecturer at West Texas A&M University where I teach Basic Speech, both Interpersonal and Intercultural Communication, and Performance of Literature. In addition to my instructional responsibilities, I serve on two university committees, the Teacher Education Unit and the Quality Enhancement Plan and contribute to many departmental and community activities. I'm seeking election for TSCA Executive Secretary and look forward to using my unique dual perspective of my experiences in both Higher and Secondary education to work with a diverse group of TSCA members and contribute to innovative progress.

Academic Background

MA West Texas A&M University, Canyon, TX, *Interdisciplinary Studies--Communication, English, Education*, 2010

RE: Acceptance of Nomination

TSCA Nominating Committee,

This letter serves to officially accept the nomination for TSCA Executive Secretary. The nomination is an honor I approach with great consideration, and am grateful for this opportunity to serve TSCA if elected. I believe my professional experience and service makes me a competitive candidate for this position.

My educational philosophy aligns with the mission and goals of TSCA. I believe it is essential to pursue continuous enrichment and share our knowledge with our colleagues to continue to grow the field of communication for educators, administrators, forensics coaches, and especially students of all levels of education. It is my hope that we could develop innovative and progressive ideas to not only create “a partnership among the various disciplines and professions in the field of communication” as TSCA mission states, but to also bridge the divide across secondary, community, and university institutions. This allows professionals to share experiences and productive methods in working with an increasingly diverse demographic, as well as greatly assist in preparing students as they grow through their academic careers.

Additionally, I believe the field of communication must root itself as a necessity for all scholars and fields of interest. Those of us dedicated to the field understand the value of forensics in critical thinking, the importance of sharing stories and cultures through literary performances, and the significance of the theoretical elements of communication to our personal and professional growth. I believe TSCA can continue and strengthen the platform for speech requirements at all levels of education and reinforce the significance of communication studies regardless of one’s professional trajectory.

Thank you to the committee for your review and dedication to the nomination and election process. If you have any other questions, I would be happy to visit with you any time or provide any additional information. Feel free to contact me via email cbaum@wtamu.edu or by phone 806.681.7689.

Sincerely,

Carolyn Baum

Statement of Service:

Service is a crucial part of enriching one's personal and professional life, and I enjoy opportunities to serve the field of communication, my department and university, as well as my community. While I am relatively new to TSCA by comparison to some of my esteemed colleagues, I knew it was an organization I wanted to be a part of and have sought ways to serve in the past three years. My earliest introduction to TSCA was in 2014, in which I served as a panel chair. At that conference, I became vice chair of the Rhetorical Communication Interest Group and took my position as chair in 2015. I also contribute to the Interpersonal Communication Interest Group. On my campus, I serve on a variety of departmental committees as well as two University Committees; the Teacher Education Unit and the Quality Enhancement Plan. The QEP committee constructed this essential accreditation requirement. As a committee we met frequently, and devised a 5-year plan for our campus to engage in Experiential Learning with meaningful reflection at all levels, and educated and engaged faculty, staff and students through a variety of events. I frequently volunteer to help Connie Mckee host the UIL tournaments on our campus and have made classroom to community connections as my performance class created narratives in conjunction with High Plains Public Radio. In support of the WTAMU communication department, I served as the Communication Alumni Network (CAN) Vice President/Secretary Aug. 2015-July 2016. This was the inaugural year of this alumni group that works to serve the faculty and students. My tenure as an officer has ended; however, I remain on the Board of Directors. I also serve the community in my membership with the PTA and I am part of the leadership team at Faith Southwest. I am excited about this opportunity and possibility of serving TSCA in this new capacity.

RE: Letter of Support for Carolyn Baum's TSCA Officer Nomination

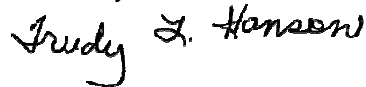

Nominating Committee,

I am happy to provide this letter of support for the nomination of Prof. Carolyn Baum as an officer of the Texas Speech Communication Association. Our department has been a long-time supporter of TSCA and has been represented by faculty members and alumni from West Texas A&M University in a number of positions (President, Journal Editor, Executive Secretary).

As Prof. Baum's academic department head, I pledge support for her work with TSCA and will make every effort to do so in providing financial support, as well as providing student workers to help with her TSCA responsibilities.

I whole-heartedly endorse Carolyn Baum's as a candidate for the office of Executive Secretary of the Texas Speech Communication Association.

Sincerely,

Trudy L. Hanson
