year members - Aaron
Timmons!

Congratulations to our 40
year members -
Kim Falco!

Find Lacey Canon's Presidential address here.

Some Sweet Classroom Activities

What better way to help students come off the sugar high of Halloween than to use candy as inspiration for a classroom activity?

Research: Have students draw a candy from a bowl and then inform them that they need to research the origins and development of the candy. Want to make it a group project? Match students up by the candy they get!

Clash Debate: Have students debate over different chocolate companies (Nestle vs. Hershey) candy types (sweet vs. sour), and more!

Pure Poetry: Have students write poetry using the letters from an assigned candy as the first letter for each line.

2023 Journal Submissions

[Click here](#) to read the call for submissions for our 2023 Academic Journal. We are seeking papers that focus on research in human communication.

Submissions must be received by:
December 31, 2022.

Know about a job or want to add a job listing? email webmaster@etsca.com with details.
